granisun

A highly versatile, compact machine designed to make and serve slush, sherbet and cold drinks. It affords excellent production output thanks to its 12 litre capacity bowl, which can be removed simply without the aid of tool for quick and easy cleaning. Also available is the FAST FREEZE version, whose enhanced refrigeration system cuts down on product preparation times considerably, making this the ideal model for premises whose fast turnover in sale of slush, sherbet and other frozen drinks requires the performance of a quick and efficient machine. The machine is equipped with an innovative electronic thermostat with a digital display, that it indicates the temperature of the beverages. The solution is in compliance with the new regulations for drinks conservation.
